CHAMPION PIKES PEAK 911 MODEL

Take home a Champion in 1:43 scale form. Champion Porsche and Spark have teamed up to produce an exact scaled-down replica of Champion's 2021 Pikes Peak International Hill Climb race car entry. The purpose-built 911 GT2 RS Clubsport driven by famed driver Romain Dumas took the win in Time Attack 1 and second overall up America's Mountain that year. The car brought back the iconic colors of Champion Racing's livery and marked Champion's first return to motorsport since 2008.
